Search for burial locations of veterans and their family members in VA National Cemeteries, state veterans cemeteries, various other military and Department of Interior cemeteries, and for veterans buried in private cemeteries when the grave is marked with a government grave marker.

The Nationwide Gravesite Locator includes burial records from many sources. These sources provide varied data; some searches may contain less information than others. Information on veterans buried in private cemeteries was collected for the purpose of furnishing government grave markers, and we do not have information available for burials prior to 1997.

Erroneous information can be corrected, but we are unable to add to the information contained in the existing record.

If your search returns incorrect information about a veteran or family member buried in a national cemetery, please contact the cemetery directly to discuss your findings.

To report incorrect information about a veteran buried in a private cemetery, click on "Contact Us" at the top of this page. Names cannot be added to the listing if a government grave marker was not furnished for the grave, or if the existing government grave marker was furnished prior to 1997.

For more complete information concerning individual records, we suggest you contact the cemetery or local officials.

The [American Battle Monuments Commission](#) provides information on service members buried in overseas cemeteries.

If you cannot locate the person you are searching for, please provide the following information on each individual:

- Full name, including any alternate spellings
- Date and place of birth
- Date and place of death
- State from which the individual entered active duty
- Military service branch

Most requests take approximately four weeks for a reply. Be sure to include your return mailing address, phone number or Internet e-mail address with your request and send it to:
