

Great Moments of 1965

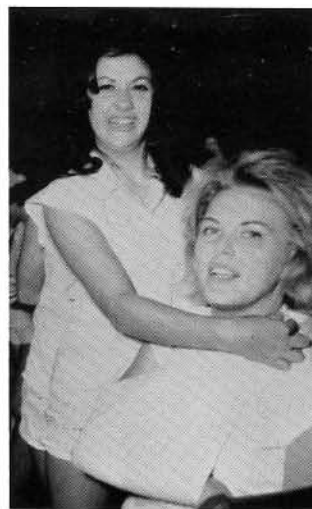

(Please smile along with us as we poke fun at our foibles.)

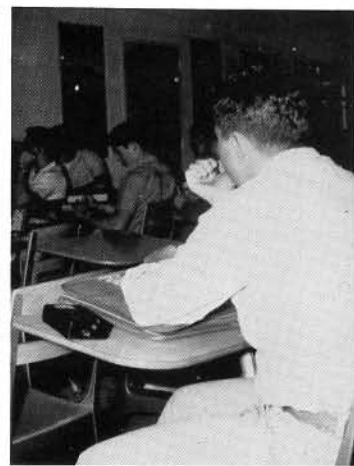

"My Autograph?"

"Whatd'ya mean this is not the lunch line?"

"Miss Lee, shall I break her other arm now, and practice fixing it, too?"

"I've gotta get new batteries for this radio. I can almost hear the teacher now that these are wearing out."

"I don't care how your pet flea can sing, I wouldn't waste money on his recordings."

"Aw, Tommy, she'll understand when you tell her you couldn't afford to rent a tux for the prom!"

Sorry fellows, even if you are from Liverpool, we just have no demand for your talent.

Besides the Twist, what are your qualifications for dancing school?

"Hope you like jig-saw puzzles."

"I have 3 labs and 4 lunch periods!"

Mind over matter?
